Betreff:

Dear Christoph,

Thank you very much for your e-mail, which I received last week. You mentioned in your e-mail that you need some information on the school system in Britain so that you can discuss and compare it with the school system in Germany.

Well, I suppose the most important point to make first of all, is that British education actually consists of two separate school systems:

- state schools (94 % of all schools) and
- private schools (6 % of all schools).

School fees in private schools can be as much as 15,000 pounds a year - that's about 22,000 Euros.

As you've probably guessed, Christoph, I attend a normal school. My timetable is at the end of this e-mail. As you can see, I have to be at school by 9 a.m. in time for assembly. After that, off we go to our first lesson at 9.20. For the main subjects we are put into different classes according to ability. Well, Christoph, that's all I can think of for the moment.

I hope this information will be of help to you and I look forward to hearing from you soon.

Yours  
Anthony

In the morning we meet for assembly. The headmaster reads from the bible and says prayers. Other news like sport results are read out. We finish by singing a hymn.

9.00	Assembly	11.55 Lunch Break	13.05	Chemistry
9.20	English		14.20	Religious Education
9.55	Maths		14.55	Careers
10.30	Break		15.30	Woodwork Club
10.45	German		17.00	Home
11.20	Music			

After school there are clubs which I can go to if I want to. On Mondays I do art and Wednesdays woodwork.

The children have lunch at school. Some bring their own sandwiches and some have a meal in the canteen.

Most schools like mine have a careers teacher, who advises us on how to choose a career and find a job when we leave school.
